

Holiday Newsletter

****All rush analysis will need to be scheduled prior to the Holiday to make sure that someone will be in the lab****
 please call us in advance and we can make arrangements. Make sure to pack your samples in ice and watch the holding times so your samples do not expire!!

Happy Holidays!!!

Grand Traverse Analytical has moved!! Please stop by our new location for a lab tour!!
830 Robinwood Court, TC, 49686!

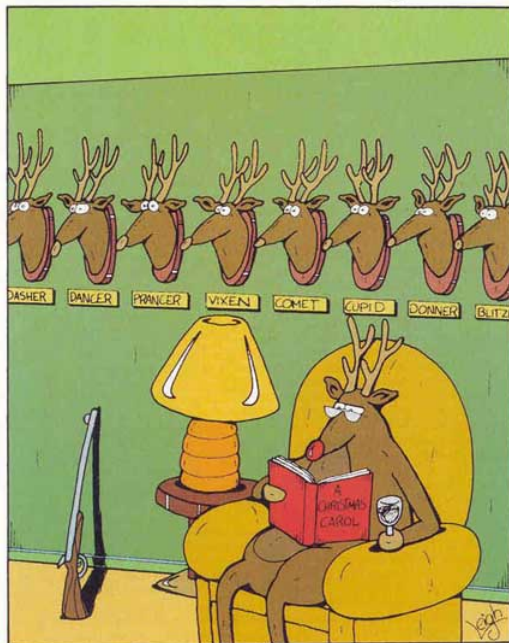

For updates visit:

 New Yrs. Eve - 9a - 12pm
 New Yrs. Day - Closed

Rubes® By Leigh Rubin

All of the other reindeer used to laugh and call him names.

(c) 2004 Leigh Rubin

NEW INSTRUMENT

GTA has purchased a Dionex DX -120 Ion Chromatography. The IC which will be running soon will automate our Inorganics Lab resulting in a quicker turn around time for these tests:

<u>Test</u>	<u>HOLD TIME</u>
Nitrates/Nitrite	48 hr.
Chloride/Fluoride	28 days
Phosphate	28 days
O-Phos	48 hr.
Sulfate	28 days

You will only need 100 ml plastic unpreserved for all. Inorganics must be refrigerated!

Please note hold time for Phos/Nitrate/Nitrite IS ONLY 48 hours!

Thank you for your continued loyalty and support of Grand Traverse Analytical!

Kirk Chase, Michael Riebschleger, Trevor Reed, and Marjorie Drake
